

Dear All,  
here is our photo e-mail.  
We are looking forward to having you here in Germany.  
I have already booked a hotel in the pedestrian area in Nürnberg. Yours Sibylle

Easter eggs were hung in the plumtree in our garden. In the background you see our church called Thomaskirche.

The children searched for an easternest outside in the garden.

We all like to be outside in the garden, or in the woods, because the weather is fine again.  
We had a long and cold winter. Now we are waiting for the leaves to grow on the trees.
